Directory and Map Publishers

RUTLAND

"The Marble City"

The publishers of this Directory have attempted in the following pages to give the outstanding features of the City of Rutland. The local resident or businessman as well as the potential visitor will have at hand a ready reference about the city and its people. The purpose here is to portray as much of Rutland's charm and greatness as is consistent with facts.

The Directory is in effect an encyclopedia of information about the city. It shows localities, street changes, growth of sections and general city changes. The names of residents give evidence of racial characteristics, which is helpful to anyone making a detailed study of Rutland.

The Rutland Directory becomes a part of the Free Library Exchange System of North America, and through this medium disseminates information about the city far and wide.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77, Schenectady 100, Buffalo 379, Chicago 933, Elmira 286, Troy 99.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Contains land area of 8.113 square miles, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating sky line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range forming the western wall of a very attractive valley running into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain Valley. From any high point in the city of Rutland can be seen Taconic range mountain peaks to the southwest, which separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or parks. Mountain climbing within a few miles of city. The trail to Mt. Killington, over 4,200 ft. in height, is a notable mountain climbing stunt. For lesser climbs there are Shrewsbury 3,700 ft. and Pico 4,000 ft., and trails in the Green and Bird Mountains. Lake Bomoseen at a distance of 12 miles is of crystal clear water, some 10 miles long. Lake Dunmore, 26 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction for camping, boating and bathing, and other lakes nearby.

The proximity of the "Long Trail," passes within 10 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Killington and Pico. This is one of the most famous trails in eastern North America, and is popular. Rutland is one of the supply points on this trail. Winter sports area on Pico Peak much frequented by Rutland ski enthusiasts. A modern swimming pool and a family recreation area "Rocky Point" all much to the recreation facilities.

INDUSTRIAL—Rutland is a leading industrial community. There are 59 plants making a variety of more than 50 products valued over \$22,000,000. A number of nationally known firms are included in Rutland's manufacturing family. General Electric Samica Corporation (a division of Minnesota Mining and Manufacturing Company) Howe Scale Company, Rutland Fire Clay, Tuttle Law Print, Tampax Inc. and the Albert Rosenblatt & Sons firm (manufacturers of Mimi and Susan Ross dresses). Products manufactured in Rutland include: medical products, awnings, flags, books, reefers for electrical wiring, mica insulating paper, tile, women's clothing, roof cement, ice cream, legal forms, scales,

machinery, stone working machinery, aircraft accessories, garden tools, iron castings, mattresses, finished marble products, maple sugar utensils, marble jewelry, wooden bowls, steam boilers, gloves, slippers, inert pigments and fillers and wood products. Quarrying of marble, slate, lime, talc, soapstone is extensively carried on in the Rutland area. Agriculture fruit raising and dairying are important in this county. 92% of the labor supply is native born. The Greater Rutland Industrial Park offers excellent facilities for industrial concerns seeking a site.

FINANCIAL—Rutland has 4 banks and a cooperative savings and loan association. There are two commercial banks and two savings banks. The total resources of the 5 banks and loan association covered by this directory is over \$51,835,893.

EDUCATION—There are 8 public elementary schools, 2 high schools and a new \$1,100,000 junior high school. The Public Library has over 57,427 volumes. Directory Library has 250 volumes covering 1200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION—The 1950 population of Rutland City was 17,647. Directory estimate 1957, 19,000. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; 1890, 11,760; 1900, 11,449; 1910, 13,546; 1920, 14,954; 1926, 14,825; 1927, 17,446; 1930, 17,082; 1950, 17,659. Total population covered by the directory is 27,000.

MERCANTILE—Rutland is a trading center for 110,000 people. It is the commercial center for an area covering a radius of 40 miles from the city. There are 490 stores, retail and wholesale. There are three miles of store frontage located mostly on Merchants Row, Center, West, Wales, Strongs Av., Willow and Evelyn Streets. Annual sales \$1,000,000; 300 proprietors and co-partnerships and 65 corporations. 1600 employed clerks, payroll of \$1,500,000. There are over 225 professional offices.

TRANSPORTATION—Rutland is largest railroad center in the state. Diesel Electric railroad lines diverge in six directions. Headquarters of Rutland Railway located here, with 391 miles of main line in Vermont and New York, covering three fourths of State of Vermont; It is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here, running into New York and Pennsylvania. The Clarendon and Pittsford Railroad is a short line. There are 13 regular freight trains, the total inbound and outbound tonnage annually is nearly 250,000 tons. A complete bus system serves locally and interurban. There are also 7 interurban bus lines. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam, with following route numbers: 4 to Whitehall, N. Y.; 4 to Concord, N. H.; 7 to Bennington and Troy, N. Y.; 7 to Burlington and Montreal, Can.; 103 to Bellows Falls; 30 to Middlebury via Castleton; 3 to Pawlet via Castleton; 3 to Pittsford via Proctor; 286 to Granville via Poultney. The airport has a runway of 4,100 feet north and south and 3,600 feet east and west.

MISCELLANEOUS—Rutland has 73.55 miles of streets with 13.68 first class, 19.75 second class, 24.93 third class, 1.87 fourth class. City owns \$754,000 real estate not including school property. Water reservoir capacity 90,000,000. Daily average consumption is 2,900,000 gallons; average water pressure is 85 pounds. Fire Department has 2 stations with 29 permanent and 10 call men. Police Department has one central station with 26 men, 8 playgrounds with weekly attendance of over 9,000. 16 churches 50 fraternal orders. 3,700 dwellings with average 5 persons per dwelling. There are 5 hotels with transient capacity of about 500, there are inns with transient capacity of 250, making a total transient capacity of 750. 2 radio broadcasting stations. Mean annual temperature 47.1, average annual rainfall 34.2 inches.

For further information regarding Rutland, address Rutland Chamber of Commerce, or H. A. Manning Company, Publishers of this Directory.

RUTLAND

Trading Center for a Population of Over 100,000

NEW DEPOT PARKING LOT, CENTER OF BUSINESS DISTRICT. OFF STREET PARKING FOR 1,100 AUTOMOBILES IN BUSINESS DISTRICT

A Charter was granted to the Town of Rutland on September 7, 1761, and Rutland was organized as a City on November 19, 1892. It has a population according to unofficial 1953 census of 18,000. City and town 20,000, present estimate 21,000.

Rutland known as "THE MARBLE CITY," is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glens Falls is 50 miles, Albany is 90 miles and Schenectady 100 miles.

Rutland is an industrial center and the largest railroad center in the State, served by the Rutland and the Delaware & Hudson Railroads. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture, dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Railroads in five directions. Highways in seven directions. Airways in process of planning. The purest of mountain brook water feeds the reservoirs.

Plenty of Building Room with the Remarkable Sky Line to the East

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 100,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or co-partnerships and 61 are corporations. Nearly 2,000 clerks are employed. There are over 200 professional offices.

Recreational Rutland

In promoting a greater and better city, it has been the aim of the planners of future Rutland to give full emphasis to the pleasure and health aims for our citizens. Foremost on this plan is the Municipal Recreation Department which offers a year round recreation program for all ages, interests and abilities. Other natural recreation facilities include hiking, mountain climbing, trail tramping, snowshoeing, skiing, camping, picnicing and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

The Municipal Recreation Department of Rutland has for its facilities two small year round recreation centers, three major playgrounds, three minor playgrounds, four tennis courts, swimming pool, three baseball fields, three ice skating rinks and a portable ski tow. The program of the Recreation Department is a year round schedule of physical, artistic, aesthetic and educational activities, for all age groups, temperments and interests.

Rutland County also offers excellent bass, trout and pike fishing in its many lakes and mountain streams. A record number of deer were taken during open season in the county woods. Foxes, rabbits and bear are also plentiful.

The experienced mountain climber can try Mt. Killington rising to an elevation of over 4,200 feet, or Pico Peak of some 4,000 feet, or Mt. Shrewsbury of 3,600 feet. These are nearby and accessible, and all are visible to the east from the city. Ten miles to the west are the Bird Mountains, which are really the beginning of the grand Taconic Mountains ranging south along the Vermont-New York State line into Massachusetts and Connecticut; this range culminates in famous Mt. Equinox of 3,800 feet and visible to the south in clear weather and certain locations in the city. Greylock Mountain in Massachusetts is a spur of this range and is the highest point in that state.

Rutland Municipal Bathing Pool

Some notable Trails run over these mountains, and Rutland is one of the supply points for their large number of hikers.

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis are part of the regular school schedule of athletics.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

Rutland Municipal Airport

LOCATION

On Highway Route 103, six miles south of the center of the city. A short distance to Highway Route 7 and plans call for new road to this important highway in future developments.

COMMISSIONERS

Donald C. Noyes, Chairman; Peter ValPreda, Albert A. Cree.

AREA

425 acres of favorable level terrain, suitable for future development to any needed proportions.

Photo by SHANGRAW

RUNWAYS

In letter X form with two runways northeast, southwest, 4,000 feet long; northeast, southeast, 3,500 feet long. Runways 150 feet wide. Paved with bituminous macadam, safety strips 150 feet wide on each side of runways. Boundary lighting for each runway; beacon and illuminated night landing tee.

EQUIPMENT

New \$50,000, 80 feet by 60 feet, modern steel frame hangar, with adjacent repair shops and offices. Hangar can be used for repair service and storage for both transient and resident planes. Two modern T Hangars.

SCHEDULE SERVICE

Eastern Airlines, Inc., of New York provides passenger, mail and express service daily between Rutland and New York. There are now two flights daily from New York, stopping at Rutland Airport.

Eastern Rutland Office Telephone Number is PR 3-6990.

Killington Bank and Trust Company

Stop and Consider the Advantages of
Being INSURED in the

STATE MUTUAL INSURANCE COMPANY

RUTLAND, VERMONT

LOW LOSS RATIO

WHY?

BECAUSE IT REJECTS the More Hazardous
Classes of Property

BECAUSE Its EXPENSE of MANAGEMENT is
SMALL

Ask us to give you RATES on either the Mutual, Dividend
or Non-participating Plans

LETTERPRESS OR OFFSET PRINTING

Our two-fold printing service may prove valuable in your business.

First -- We offer you the facilities of our complete letterpress printing department, well equipped to handle any job from a hundred business cards to a 1000 page book. Stationery, office forms, advertising folders, pamphlets and clothbound books are readily handled on our equipment.

Second -- Our offset printing department offers you the advantages of this modern process. Offset printing is economical for office forms, blanks, drawings, tracings, letterheads in color, without the customary typesetting or from your printed copy, Photographs can be reproduced on bond or rough papers.

Copy can be set in regular type, varityped or hand lettered. Varsitytyped forms are ideal for interoffice use and letters are quickly and economically reproduced.

May we discuss your printing problems with you?

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

COMPLETE BANKING SERVICE

MANNING'S

Rutland Numerical Street Directory 1958

Copyright 1958, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged. Where the houses are not numbered, the householders are arranged in the order they come on the street. Figures in parentheses following names, indicates number of room, suite or apartment in building. The symbol Δ indicates telephone.

PUBLISHERS' NOTICE

1958—MANNING'S RUTLAND DIRECTORY—1958

301

Publishers' Notice

The following pages are devoted to the interest of industrial educational, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed here for the purpose of enlightening those who would BUY IN RUTLAND.

In no other place will such a huge amount of data regarding Rutland be found. It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. RUTLAND thus writes a milestone in its history that must have far reaching effects on its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some important men in Rutland have had such belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. To these men in particular we wish to offer our congratulations and gratefully acknowledge their civic spirit.

H. A. MANNING CO.

The Churches

WITH A TOTAL OF TWENTY-SIX CHURCHES representing all the leading denominations, Greater Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlanders of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

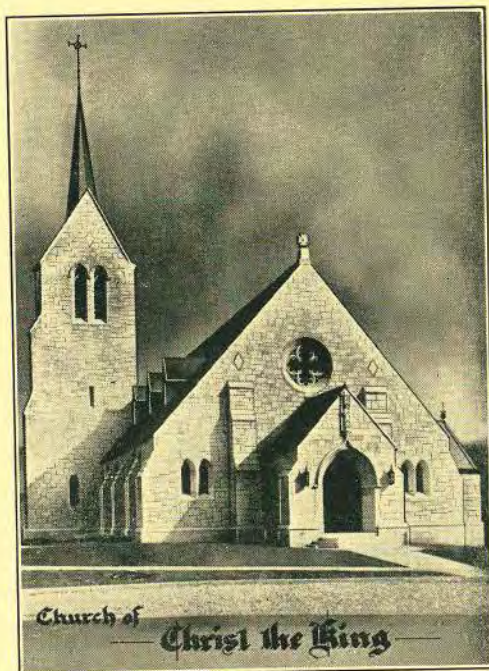

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us. Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

VISITORS IN OUR CITY ARE WELCOME IN ALL CHURCHES, REGARDLESS OF FAITH, CHURCH, OR CREED

Church of Christ the King

INDUSTRIAL RUTLAND

As an industrial center Rutland dates to the beginning of Vermont. It is surrounded by natural resources for Industrial Marble, Fire Clay, Slate, Lime, Talc and Soapstone, Agriculture, Forest Products, Dairying. It has Location, Hydro-Electric Power, Transportation. Within 500 miles live 34,000,000 consumer population.

A diversity of products that stabilize the labor market and encourage manufacturers to do long term planning. Rutland offers many opportunities for industries to locate here and has many fine splendid sites for large and small plants with or without railroad sidings.

There is an exceptional supply of labor to be drawn from Rutland and adjacent counties. Freedom from labor troubles and opportunities for taking care of housing problems are especially good.

The many products made here include Antiseptics and Medical Products, Awnings, Flags, Barrels, Books, Confectionery, Cement, Reels for Electrical Wiring, Brake Drums, Mica Insulating Paper, Electrical Harnesses, Tile, Dairy Machinery, Creamery Machinery, Women's Clothing, Roof Cement, Ice Cream, Printing, Maple Sugar Utensils, Marble, Mattresses, Sand, Pumping Machinery, Scales, Hand Trucks, Beverages, Medical Bandages and Pads, Steam Boilers, Iron Work, Stone Working Machinery, Wood Working Materials, Granite, Slate, Garden Tools, Toys, Artificial Stone Finish, Iron Castings, Fruit Packing, Dairy Products.

There are 49 plants making a variety of more than 50 products valued at over \$22,000,000; employing 7,500 with a payroll of nearly \$5,000,000 annually. Materials cost \$6,000,000. In the greater Rutland Industrial district there are 113 plants with 5,112 employees, a payroll of \$11,000,000, value of products annually \$45,000,000. Quarrying of Marble, Slate, Lime, Talc, Soapstone is extensively carried on. Agriculture, Fruit Raising and Dairying are important in the county. There are over 45,000 Farm Animals in the county. 92% of labor supply is native boarn.

Supplying All Your Needs In

STEEL AND ALLIED METAL BUILDING PRODUCTS

From Structural Steel . . . To Finished Building!

Our large steel fabricating plant and warehouse serve Northern New York and Northern New England, providing structural steel, Versteel longspan steel trusses, ornamental iron, fabricated platework, and allied metal building products.

We keep on hand large stocks of warehouse products, including beams, channels, angles, plates, sheets, bars and reinforcing steel . . . plain, fabricated or cut to size. We supply efficient fabrication at economical costs, and offer prompt delivery.

To complete the building job we offer such finished products as metal windows, metal doors, Tin Clad doors, Kalamein doors, rolling doors, overdoors, steel roof deck, Foldoors, RGM roofing and siding, steel floors, ventilators, gratings, skylights, metal partitions, fencing, hoists, kitchen equipment, lockers, shelving, shop equipment, and miscellaneous building supplies.

Our consulting engineers are always at your service. Let us quote on your requirements—no obligation.

Every City Must Have a Directory

....not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

Finished Building and Monumental

**FINISHING MILL**

Lying under The Village of West Rutland and forming the Floor of the Valley is the Bed of the finest Marble to be found on Earth.

This beautiful and lasting product is quarried or mined by drilling to a depth of ninety feet and tunneling operations from bottom of shaft 400 feet long and 250 feet wide.

Above is shown the Thousands of Tons of Roughly Hewn Marble waiting for operations in the Finishing and Polishing Mills. Over one fourth mile of Marble is shown in this Picture.

Sole Producers of West Rutland White and Clarendon Blue and Variegated Marble.

Send specifications for estimates and Samples.

PRICE

THE BEST ADVERTISING MEDIUM IS THE CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
